

Advocates of Ozaukee is a domestic, sexual and human trafficking violence organization in Ozaukee County. It is the only program in Ozaukee County to work with these populations and is in its 42<sup>nd</sup> year. Advocates works with victims in all aspects of their lives because violence impacts every aspect of their lives and their children's lives. At Advocates we work to move from victim to survivor to thriving for all our participants.

For 23 years Hope Street, the *Greenhouse for People*, has provided housing and healing. With your help, in August we opened up a new community center, named Shechem, which brought about new equipment and programming needs. Our 100-year-old apartment building has ongoing needs to ensure we provide a safe space that feels like home. The following items support our men, women and children in their growth and flourishing. Thank you for your consideration and support!

Since launching HYFIN on Juneteenth Day in 2022 our team has been busy tabling at community events, meeting with Black-owned businesses and building our listening audience. Our mission is to be a public media platform created by and for the Black community here in Milwaukee, playing the full spectrum of Black music and celebrating Black excellence. We are still working tirelessly to raise the necessary funds to meet the \$450,000 match required by our grant with the Corporation for Public Broadcasting. As we are a digital-first radio project, we don't have a great need for physical objects, but rather the financial support of the Greater Milwaukee community.

There are a few ways the Impact100 community can support HYFIN's efforts:

1. [Listen](#) to HYFIN and tell your friends
2. Join the [HYFIN FAM](#) (our monthly eNewsletter) - this is where you'll hear about what HYFIN has been up to and learn about Black and Brown businesses to support
3. Make a [one-time donation](#)
4. Join HYFIN as a [sustaining member](#) through monthly contributions
5. Sign up for [Radio Milwaukee's volunteer list](#)
