Kickoff (September): [100+ attendees](#)

This is Impact100 Greater Milwaukee's first large social gathering of the calendar year where we officially kick off our annual membership drive and set the foundation for a successful year. Attendees include current and potential members as well as current grant recipients, past grant recipients and potential applicants. After the one-hour social time there is a brief program which includes keynote speakers and progress updates from our grant recipients from two years ago who are in the final stages of completing their projects or have already completed them. It is a time to celebrate, set goals, network, and connect with those who are interested in making the greater Milwaukee area a better place for all.

Global Day of Impact (Fall) and Beyond the Headlines (Spring): [100+ attendees at each event](#)

Our educational series was created to meet the increased demand from our members to become better informed philanthropists on the complex challenges our local nonprofits are facing. The Impact100 MKE Programming and Events Team assembles either a keynote speaker or a panel of experts to discuss the most pressing issues our community is facing. As a result, attendees develop a more in-depth understanding and a deeper commitment to strengthening our community. Before the educational component of the event occurs, a social hour with light appetizers and cash bar or a luncheon are provided to allow networking of members, potential members, panelists, sponsors, grant recipients, and area nonprofits. Our Global Day of Impact also celebrates the history of financial support of nonprofits by Impact100 chapters across the United States and around the world.

Helping Hands (December): [100+ attendees](#)

This festive nighttime social brings our members, potential members, sponsors, nonprofits, and our most current grant and merit award recipients together for an evening of celebration and giving. Our most recent grant and merit recipients will share their stories of hope and appreciation during the evening's program. In advance of this event, we publish a wish list of items most needed by our current grant and merit recipients. Members can either bring items from these wish lists to the Helping Hands event or send them directly to the organizations. This is also a big membership recruitment and retention event as our membership closes at the end of December.

Annual Awards Celebration (AAC) (June): [400+ attendees](#)

This is our biggest and most exciting event of the year. At this annual dinner gala our membership votes and awards \$100,000 transformative grants that make a lasting impact on the community. After a rigorous evaluation process by our grant committees over the course of many months, our five finalists are selected. At this event, the finalists give speeches relating to their grant application and the impact their proposed project will have on the clients they serve. Our model is one woman, one gift, one vote! After member voting, we award 3-4 \$100,000 transformative grants and 1-2 merit awards in a lesser amount. To this date, our Milwaukee Chapter has given collectively more than 2.8 million dollars over the last 8 years to the greater Milwaukee area.

Volunteer Appreciation (Spring): [75+ attendees](#)

Impact100 Greater Milwaukee is a 100% volunteer led and run organization, so in the spring we host a celebration to recognize all the volunteers who donate their time and talent throughout the year. Our leadership team consists of approximately 40 directors and chairs plus we have countless volunteers working behind the scenes to help in the areas of grant review & management, administrative support, membership recruitment & engagement, and programs & events.

Finalist's Breakfast /Luncheon (Spring): [40+ attendees](#)

Once our five \$100,000 grant finalists are selected, approved by the board of directors, and announced to our membership a luncheon is held in honor of this accomplishment. During this event, nonprofit finalists will have an opportunity to meet board members, grant committee members and receive information about the next steps before the awarding of grants at our Annual Awards Celebration.
